Subj. With Passion to be
conceded in S.B. section.

With respect I readily emanate at contemplation of, and have passion in the above theme which has been lingering and flickering in my mind since. I have been of such opinion on and since I joined the police force, hence, now as a whim, the vivid whim has been formidably intensified, and may be bemoaned should there be no vacancy, as I have for so long longed for such.

I shall be more delighted if this meets your benevolence where such concrete be conceded.

Your sincerely,

No 5706 Const Ukwirinda.
